QCC - Established 1949

November /December 2018

**President's Report ...** Thank you to all the Queensland Caravan Club members who all worked very hard to make the state rally in Bundaberg a total success. All your efforts were appreciated by everyone who attended; you all did our club proud with your efforts.

Thanks to George Lacey who filled in for me while I was overseas on the cruise, from Shanghai to Sydney. Also thanks for your time and efforts during the state rally in Bundaberg.

I am sure everyone enjoyed the rally in Goombundgee showground for the month of November. The weather was good with sunny skies and quite warm days. On Friday morning we were all rugged-up as the temperature dropped dramatically to a very chilly morning.

Thursday afternoon, three ladies took to the golf course and enjoyed the stroll around during warm conditions, although the wind made it difficult later in the afternoon.

Thursday night many of the members attended the local hotel for dinner and were delighted with the service and the meals.

Friday morning it was the men's turn to challenge the golf course. As well as a few ladies. Everyone said the course was in good condition and were all happy with the game.

Friday night, 46 members from the club visited the local hotel for dinner, again the service was great and very large meals made all members very happy. Not to mention the desserts were top class and plenty to eat. The usual card games followed after dinner with 29 members playing various games.

A total of 65 caravans attended this rally with second time visitor being Colin Fitzgibbon. I hoped you had a good time, hope to see you at your next rally to be inducted into our club.

Thank you to the rally marshals Dennis Edney, Muzza McGowan and Terry Park for another great job parking all the vans. Also your efforts with the extra power boxes allowed our members have power throughout the showground.

Good to see Alf Hinson at this rally after his surgery in Townsville. Keep well Alf. Members were happy to see you and Desley back at the rallies.

Good to see a few members back at the rallies that have not been for quite awhile due to sickness, travelling and family commitments. We all missed you and hope to see you at rallies again during the year.

Saturday afternoon Barry and Wendy Gibson conducted our yearly pairs disc bowls completion. This was very enjoyable with strong competition among all our members. The eventual winners on the day were Owen Noffke and Bob Tibbet, runner-up was Brenda Usher and Denise Sheehan. Good to see all the ladies in the competition doing so well.

Saturday night Barry Gibson gave us a talk about his life story. Thank you, Barry, I am sure everyone enjoyed your story which was very interesting. It would be great to hear more life stories from other members in our club.

We were then entertained by Vince Pagett, who played a variety of songs which kept us tapping our feet listening to his music until nearly 10:00pm. Thank you, Shane Jones, for organising this great night.

Congratulations to Barbara and Bob Rutherford who celebrated 40 years in the caravan club. What an achievement thanks to you both, and a big thank you for what you have done for our club during this time over the years.

Great to see so many of our members attend the Remembrance Service on Sunday morning at 11:00am in the town after our meeting. This then followed a light lunch at the local hotel, which was put-on by the local RSL with a gold coin donation by our members was very much appreciated.

Thank you to all the ladies who made the beautiful wreath for our club, this was laid by our caravan club member, Kevin Day.

Stay safe, happy and healthy and look forward to seeing you all at the next rally for Christmas in Kenilworth.  
Regards, President JOHN.

**A little about 'Kenilworth' ...** Kenilworth is located on the edge of the Conondale National Park, 139 km north of Brisbane via the Bruce Highway. It is one of those charming rural towns where chic coffee shops and cafes; the opportunity to buy excellent cheeses from the Kenilworth Country Food and Cheese Factory; the delightful rolling hills of the Conondale and Blackall Ranges; and excellent bush walking, gem fossicking and fishing in the creeks for bass, perch, cod and mullet; all combine to give the town and district an ambience which is both fashionable, environmentally-sensitive and rustic.

Origin of Name ... the Scottish influence in this area of Queensland is pervasive. Kenilworth was named after a novel of the same name written by Sir Walter Scott. Apparently a grazier named Richard Smith was running cattle on the banks of the Mary River and at the time his wife was reading Kenilworth. Hence the name of the property which became the name of the town.

Things to See and Do ... Kenilworth Country Food and Cheese Factory. A near-perfect example of the initiative of a small community, the Kenilworth Country Food and Cheese Factory was established by the Kraft Corporation in 1950 to produce bulk cheese which was sent to the Kraft factory in Victoria. In 1989 Kraft decided to close the factory but two workers, Colin Cunningham and Clem Hassell, decided that it was still viable and managed to persuade people that it should be bought from Kraft. The result is a fine, boutique cheese making factory in the heart of Queensland's dairy district. The specialities are Roma Malling and Malling Red which were created in the early twentieth century by a Darling Downs master cheese maker known affectionately as 'Poppa' Hansen. They are a rarity.

History ... Prior to the arrival of Europeans, the Mary River region was inhabited by the Butchulla aboriginal people who called the river Moonaboola or Numabulla. In 1847, the Governor of Queensland, Governor Fitzroy, named the river after his wife, Mary. The first Europeans into the area arrived in the 1850s and the Kenilworth homestead was built in 1865 as the main residence on the large Obi Obi pastoral run. By the 1890s, the area was predominantly dairy farming. The settlers had hoped it would be good for small crops which could be sold to the gold miners at Gympie but the frequency of floods led them to turn to dairy and cattle. A Kenilworth Farmers Association was formed in 1902 and produce was sent to the Caboolture Butter Factory (built 1907) for processing. The township was surveyed in 1921 and the larger properties were subdivided. A butcher's shop was established in 1924 and the local hall, built in the same year, was showing silent movies by 1926. In 1952 Kraft opened a dairy factory which continued to operate until 1989 when it was taken over by a local cooperative.

## Member Profile ~ Bob and Barbara Rutherford ....

**B**ob and Barbara Rutherford are Brisbane born and bred, Bob being brought-up in Holland Park and Barbara in Rosalie. They met in April 1968 and were married in October 1970. Bob is the end of the family line as they had two girls who have given them five grandchildren.

Bob began his working life at age 14 taking-up an apprenticeship as a pastry chef and working in different bakeries and cake shops around Brisbane until 1988 when his application for the catering licence for the Kedron Park Campus of QUT was successful. Barbara gave-up her job at that time to help with the business and they both look back on those four years as the busiest of their life but yet the most rewarding in many ways. The amalgamation of the four

campuses under one umbrella meant the catering licence was renegotiated for one management company to take on all four so they hung up their aprons at the end of 1991.

Soon after that, Bob bought a Couriers Please business and when it became too big to handle, he split it up into several 'runs' and sold them off which enabled him to eventually pick-up a bit of part time work as a storeman and eventually retire at age 58 in 2002.

After finishing high school, Barbara started clerical work at the Queensland State Archives in William Street, later relocating to Dutton Park beside Boggo Road Jail. She left there in 1970 to be married (archaic laws prevented married women in the public service back then). However, she was soon back at work again at General Credits Finance. After a break of 12 years to raise the children, Barbara took-up a position in the QUT Library, working on several campuses (with a break to help in the Kedron Park Refectory with Bob as above) until eventually becoming secretary to the campus librarian at Kelvin Grove. She, too, retired in 2002 and they moved out to Kobble Creek (Samsonvale) for their tree break. But ... then grandchildren started to come along so they moved back into Carseldine to be near them.

Their retirement has been spent travelling extensively overseas and in Australia. Bob spends his spare time brewing his beer and tinkering in his shed while Barbara keeps the meals up to him and working in her office.

Caravanning has been a big part of their life. Bob owned a couple of caravans when they first met. He rented them out as onsite vans when he worked in Bundaberg – one even had a bath tub under the front seat of the van! Their first rally was in November 1978 at Kirkleigh and they were made members in February 1979. The Club was so different in those times – most had children and the older members were their adoptive grandparents. Entertainment was simple but loads of fun and we all dressed up in our long skirts to come over to the marquee on Saturday nights.

Bob and Barbara held many positions on the Club Committee over the years and were very proud to be granted Life Membership in 2007. They very rarely miss a rally and look forward to many more to come as they continue to enjoy the Fellowship on Wheels offered by the members of the Queensland Caravan Club.

## Testing and Tagging of Power Leads

**IMPORTANT:** Some may not be aware of the requirement for the upcoming August Nambour rally that all electrical leads be tested and tagged prior to entering the Nambour showgrounds. This is a stipulation by the Nambour Show Society which under

the governance of the local regional council.

As such, our ever-so-hard-working secretary (Heather) has obtained the services of 'Michael' of Caboolture-based company, 'All Current Test and Tag', to attend the Woodford rally in January. Michael will be at the showgrounds from 10:00am, Friday 11<sup>th</sup> January, and for \$5.00 cash (per item), he will test and tag your leads.

Sometime during the rally there will likely be a tag-a-long to Woongooroo Estate Winery which serves morning or afternoon tea and wine tasting as well as entertainment. All for a very modest fee of about \$12.00 per head. More information will be provided.
- Saturday (Woodford): First of a series of art classes to be given by Michael Burdette. Materials needed: A4 pad, graphic HB pencil, and an eraser. More information to come.

**Bloody women drivers ...**

Driving to Caboolture the other morning along the D'Aguilar Highway in my trusty steel steed (Jeep), I looked over to my right and there was a woman overtaking me in the overtaking lane in what appeared to be a nicely-restored green VW Beetle. She was doing easily 120km/h in the 90km/h zone with her face buried in her rear-view mirror putting on her eyeliner. I looked away for a couple seconds, and when I looked back, she was halfway over into my lane, still working on her bloody makeup. I had to stand on the horn!

Now, I don't scare that easily, but she scared me so much that I dropped my electric shaver, which knocked the quarter-pounder out of my other hand.

In all the confusion of trying to straighten-out the Jeep using my knees against the steering wheel, I knocked my new Samsung Note 8 away from my ear which fell into the coffee which was between my legs. It saturated my lap, scalded Big Jim and the twins, ruined the damn phone and disconnected an important call. Bloody women drivers! Had I a dash cam, I would have given the footage to the police!
